

3D Masterpiece Creative Team Events

Team Focus: Creativity
Communication
Collaboration

Numbers: 10 – 600 participants

Location: Indoors or outdoors

Times: 2 - 3 hours

The Objectives:

- To be aware of the bigger picture rather than focusing on individual tasks
- To build trust between people that work together
- To demonstrate issues related to team dynamics, problem solving, time management, organisation, and leadership under time constraints
- Revitalise a one team philosophy
- To demonstrate that teamwork gets better results than working alone

“This is all about achieving the bigger picture as one whole team. Groups will be amazed at what they have achieved when they stand back and admire their giant masterpiece.”

Overview:

The whole group will create a giant size masterpiece. This is an amazing event and the message is clear. Teams not only paint but also collect information, blue prints and paints to help them in their quest to complete the painting. The final result is always breathtaking and teams are amazed at what they have achieved. We have even had tears of joy!

How it works:

As part of the overall challenge teams will need to complete a series of mini challenges. These tasks involve logical quizzes, puzzles, mental challenges, visual tasks and some engineering.

Results:

At the end of the session the individual canvases, will be joined together on the 3D letters, form or Log to create the final giant Masterpiece. The standard of results has been very high and most companies take their masterpiece away to be put up in their offices.

Programme Includes:

- Event manager
