### “A hilarious fast-paced strategy game!”

**Overview:**

Auction Hunt combines the excitement of a treasure hunt with the fast paced decision-making at an auction house. Similar to the popular TV show Flog It, only in reverse!

**How it works:**

Teams complete a quiz or treasure hunt at the venue to collect virtual Auction Money to spend at the Auction. You must make a profit from your purchase; at the fall of the hammer we reveal the true price of the item. Teams now have a period to review, discuss and debate the value of all the items up for sale! A Moroccan sword, a military hat, a silver letter opener etc. This is when each team will need to devise a strategy to purchase the items, they don't have enough money to buy everything, so they need to share knowledge and agree a strategy. Teams now attend the quick fire auction, bidding to win the item, but beware some items are not as they seem and will you be swayed by the dodgy auctioneer.

**Results:**

Participants will leave the session motivated and with a sense of unity and group achievement with the added bonus of improved understanding of auctions and antiques.

**Programme Includes:**

- Event Manager
- Experienced instructors
- Pre-event planning
- Tools and equipment
- £5 Million public liability
