Overview:

Inspired by the Great British Bake Off, teams get creative by taking part in the nation's favourite activity of the moment –baking! Each team will have their own cook station, with mini oven, as well as recipe cards and all the necessary equipment they will need to help them create their team treats.

How it works:

Just like on Bake Off, teams are given 3 different challenges – the Signature Bake, the Technical Challenge and the Showstopper! Each team is given a different recipe so that the group as a whole produces a wide variety of cakes and treats including biscuits, cookies, French macarons, cakes and fondant fancies. Once their treats are baked to perfection, teams then make them look good enough to eat by decorating them with icing, sweets, toppings and sparkles.

Our Bake Off event was absolutely brilliant, from the recipes to the team that ran it, it was excellent. We've had some great feedback, thank you!
