## Catwalk Challenge Enterprising Team Events

**Team Focus:** Planning  
Delegation  
Creativity  
Expression

**Numbers:** 10 – 250 participants

**Location:** Indoors

**Times:** 2 to 4 hours

### The Objectives:

- Encourage creative expression and imagination
- To provide a light hearted opportunity for individuals to get really creative
- To create a result the whole group has achieved.

### Overview:

The challenge is to design and create a fashion collection that'll leave the fashion press scrabbling for adjectives. Using fabrics, textiles, vintage clothing, accessories and materials as diverse as bubble wrap, chicken wire and old rope, your team will experience all the pressures, anxieties and elation's of life in the fast lane of fashion.

### How it works:

Each team table will have the basics to plan and make some initial designs including a dressmaker's mannequin. They will need to purchase materials from a textile shop to achieve their objectives. Extra equipment is also provided and must be paid for and booked in advance. For example, patterns, sewing machines and expert advice.

### Other ideas we can arrange:

- Use professional models
- Video the final show
- Invite a designer/fashion editor to judge

### Results:

Judges and guests will be invited to watch the fashion show later on that day. The teams need to make sure they are ready backstage and that they have the running order, music and choreography 100%. Photographers will also be there to take shots of the final collections.
