

## Challenge 100

### Tactical Team Events

**Team Focus:** Problem Solving  
Strategy  
Time Management

**Numbers:** 10 – 600 participants

**Location:** Indoors or outdoors

**Times:** 2 Hrs to Full day

#### The Objectives:

- To demonstrate issues related to team dynamics, problem solving, time management, organisation, and leadership under time constraints.
- To demonstrate that teamwork gets better results than working alone.
- To practice priority and time management skills.
- To stimulate creative solutions.

*“How many of the 100 challenges can your team complete within the time limit? It’s fast, it’s furious and there’s no time for a tea break with Challenge 100.”*

#### Overview:

Can teams succeed in making a ten-foot tower, will they construct a six-foot paper giraffe and can they decorate a cake? This event can be run almost anywhere and will definitely be thought provoking and demonstrate powers of deduction coupled with lots of ingenuity and thinking outside of the box!

#### How it works:

Each team is issued with a pack which includes 100 challenges of varying difficulty. There are varying creative tasks, team challenges, conundrums, construction and even some acting! Teams complete the tasks and earn credits as they go, ranging from 10 to 50 credits. But time is against them and a strategy is required to maximise earnings.

The team with the most credits wins!

#### Results:

With more challenges than can be done within the time, will the team use their time and resources to the best of their advantage – of course they will...won't they?

#### Full Day option:

Challenge 100 can be extended to a full day activity by adding some extra games and challenges. Please contact Costello Events to discuss options and costs.

#### Programme Includes:

- Event Manager
- Experience instructors and facilitators
- Pre event planning
- Team kits & equipment
- £5 Million public liability
- Fun credits
- Challenge 100 Trophy
- Transport & Mileage
