- To have fun together

*“Solve a series of cryptic and observational challenges and experience and discover intriguing parts of the capital that can be so easily overlooked or missed.”*

**Overview:**

If you are looking for a city treasure hunt that provides fun and fascination in equal measure then look no further. Our City Quest offers genuine value for money, yet its quality is unsurpassed. City Quest is designed to ensure that participants not only work together as a team to solve a series of cryptic and observational challenges, but they also provide the opportunity to experience and discover intriguing parts of the capital that can be so easily overlooked or missed.

**How it works:**

Teams will be given a full brief on the day ahead and given a trail pack containing, clues, a camera, maps, books and other necessary equipment to complete the challenge. The trail will lead them to art galleries, restaurants, shops and other places of interest. At the end of the trail teams will hand in the packs to our event manager, where scores will be tallied and the winner announced.

**Results:**

Our aim is to provide the right balance and pace so that your guests aren't rushing around in a panic and are able to really enjoy all the sights and learn along the way. We can include as much or as little as you like in terms of other activities, transport options and catering. This then gives you the flexibility to fit the city trail into your budget and at the same time get the most out of your team event.

**Programme Includes:**

- Event Manager
