# I Spy

## Tactical Team Events

**Team Focus:** Team dynamics  
Planning  
Problem Solving

**Numbers:** 20 – 500 participants

**Location:** Indoors or Outdoors

**Times:** 2 -4 Hrs

### The Objectives:

- To demonstrate the value of group effort
- To build trust between people who work together
- To improve team effectiveness
- To encourage sharing of information
- To have fun together

**“Ever dreamt of becoming a spy? Think you’ve got what it takes? Let us be the judge of that when you enrol at Spy School!”**

### I Spy Overview

You will be given a number of challenges to prove your worth as a spy, including deciphering codes, memory tests, showing an eye for detail, secret document exchanges with unknown members of the public and much more. You may not ever get to be a spy in real life, so why not be a spy for the day whilst taking part in this high tech activity. Will you be the next Spy Masters or will it be back to Spy School at the end of the day?

### How it works:

After a mission brief by Agent 75, teams login using a PC, Smart phone or Internet Cafe to activate the mission clock, read the dossier and then head out on the mission at a nearby town or city (or around an indoor venue)

Here they rendez-vous with spies to solve mini-missions. A correct mini mission produces the solution code to stop the spy clock and you can then move to the next mission or end the game and save the world !

### Results:

A great option for teams looking for a creative event that will get individuals working together in order to reach a final goal.

### Programme Includes:

- Event Manager
- Experienced instructors
- Pre-event planning
- Tools and equipment
- £5 Million public liability
