

Set the Stage

Creative Team Events

Team Focus: Leadership
Collaboration
Delivering the company vision

Numbers: 20 – 400 participants

Location: Indoors

Times: 1 ½ to 3 hours

The Objectives:

- To be aware of the bigger picture rather than focusing on individual tasks.
- To build trust between people that work together.
- To bring colour and vibrancy to the conference.
- To capture the spirit of the company message.

Includes
conference
set worth
£1,500

“A non-competitive challenge where the whole group paint their own conference set or backdrop for their own party”

Overview:

What an amazing achievement for your delegates to create a lasting image as a backdrop to their own conference. The whole group will work together as one big team to create a set mural depicting the company message.

How it works:

We will create a set design that depicts your conference and company message. We will then give this design to the whole group who will recreate it onto giant panels that will be fitted onto the main conference set. Each team will have a different piece to complete. We will supply all the art materials and guidance from our instructors. The group must communicate effectively and work together to ensure that everything fits together to create the perfect and professional set.

The Conference Set Structure:

We supply a basic conference set structure including a screen, flats, stage and lectern. We can also supply audiovisual equipment and lighting at an additional cost.

Programme Includes:

- Event Manager
- Experience instructors and facilitators
- Pre event planning
- Team kits & equipment
- Disposable aprons and table covers
- Art materials
- Set mural design
- Set structure, screen and staging
- £5 Million public liability
- Transport & Mileage

Bespoke set structure and audio visual equipment are not included in the event cost. Please contact us for a separate quote.
